

# MUNICIPAL ELECTION 2017

**Protecting services by electing our bosses.**

What can we do to elect friendly councillors?

- Invite candidates to membership meetings.
- Volunteer / support labour friendly candidates.
- Encourage labour activists to run for office.
- Know your facts. Know your candidates.
- Talk to your friends, family, social media.

**Questions to ask your candidate:**

---

**Do you support investment in public services?**

---

**Do you support higher tax rates?**

---

**Do you support bringing privatized services back in house?**

---

**What are your top priorities to expand services to our municipality?**
