Joint Governance of the Local Authorities Pension Plan Update:

The Joint Governance of Public Sector Pension Plans Act has recently received Royal Assent and is law in Alberta. Improvements to the governance of LAPP, proposed by government and supported by Employer and Employee stakeholders, give equal voice in how your Plan is managed in the future. You will hear an update of where we are at and where we are going.

Alberta's Future: It's in our Hands

There will be a Member of the Legislative Assembly of Alberta speak about the need to mobilize our members for the upcoming Provincial election. Alberta is at a

crossroads in its history and we can decide if we want a Government that represents the big business of this Province or a Government that supports all people. The choice is ours.
