

SCHOOL BOARD ELECTION 2017

Issues affecting Alberta education:

- Increasing education on indigenous issues.
- Ensuring equity and diversity in our schools and communities.
- Making our schools safer for staff and students.
- Stopping violence in the workplace.
- Creating safe spaces from bullying and harassment.
- Supporting gay straight alliances.

Questions to ask your trustee:

What are your priorities for the coming term?

Do you support higher tax rates?

Will you work with unions to make our schools work better?

What are your top priorities to expand services to students?
