SCHEDULE "A"

Pandemic Policy

A comparison of current policies under the CUPE / Taber and District Housing Foundation Collective Agreement, with a modified approach to sick leave for symptoms arising from a declared pandemic.

This policy will come into force at the discretion of the CAO and can be terminated at the discretion of the CAO. The policy is designated to address issues arising from a pandemic.

Current: If an employee is sick, they are to call their Supervisor and inform the Supervisor that they are ill and will not be in.

Modified: Employees having illness other than flu like symptoms must contact their supervisor. For employees experiencing symptoms arising from a declared pandemic, a *single point of contact* will be set up as the main and only contact for employees with said symptoms. Employees who are experiencing symptoms are to phone 403-223-2822, extension 2 or 403-382-7389 and report their condition three hours prior to the start of their shift. The employee's condition will be assessed by the '*Single Point of Contact*' and direction will be provided. At this point the employee may be required to stay home and not come to work for a period of up to seven consecutive days or until all symptoms have been resolved. All employees on sick leave for pandemic associated symptoms shall be required to maintain **daily** contact with the '*Single Point of Contact*' in order to be assessed on a daily basis. At this point you may be required to stay home and not come to work for a period of up to seven consecutive days or until all symptoms have been resolved.

The '*Single Point of Contact*' will be given authority to make decisions about sick employees without having to ask each supervisor about each case. They will be able to tell employees when they should stay home, and when they should be at work. The '*Single Point of Contact*' will be given a detailed symptom checklist as proved by Alberta Health Services specifically to assess symptoms with employees over the phone. The '*Single Point of Contact*' will be responsible for notifying each supervisor about the outcome of the assessment.

Employees who are required to stay at home for a self-isolation period may be called upon to provide assistance from their home regarding various work-related tasks.

Current: Section 23.06: Employees are required to submit medical proof of illness for any claim for sick leave in excess of three days.

Modified: A doctor's note **will not** be required for absence due to flu like symptoms. Recommended treatment for mild symptoms is self-isolation as clinics and the hospital do not want flu infected people out and about coming to see them and infecting others.

Note: This Policy has been developed to assist in preventing the spread of a pandemic in our workplace and the community. It provides some unique privileges beyond the sick leave benefits offered in any collective agreements to address the seriousness of this situation and is considered a best practice for Pandemic Response.

Should it be determined that an employee has taken advantage of these privileges and has abused the trust which goes with it, the individual will be subject to severe discipline up to and including dismissal.
