The remaining ten (10) flex days can be used throughout the year. All flex day requests must be approved in advance by the supervisor. Employees receiving flex days pursuant to

this clause will be paid for seventy six point three (76.3) hours bi-weekly in recognition of those days off.

If an employee is required by the company to work any day(s) during the Christmas shutdown period specified each year, the equivalent number of days will be credited back to the employee as flex days.

As part time employees are not entitled to flex days, the Christmas shutdown period does not apply and these days are seen as regular work days.

Employees leaving ENMAX, for any reason, will be paid out the pro-rated portion of their flex days earned but not taken for the year. In the event that flex days were overtaken, the overused flex days will be recovered from the final pay. These amounts will be calculated at straight time.

Employees who work five (5) hours or more shall be entitled to two (2) fifteen (15) minute breaks.

Where management schedules breaks, employees will not work more than three (3) consecutive hours between breaks. This includes a meal break where applicable.

11.0 Work Schedules

11.01 Notwithstanding the hours of work as per Article 10, regular hours of work may be established to respond to the operational needs of ENMAX. The

Union shall be consulted in advance in writing with respect to any change in the regular hours of work schedule under Article 10 and such agreement shall not be unreasonably withheld. Work schedule changes shall not be implemented until agreement from the Union Executive is obtained in writing, except in the case of an emergency.

An emergency is a sudden, urgent or unexpected occurrence or occasion which requires immediate action (e.g. public state of emergency, major storm damage, etc). In the event of an emergency, Management will make every reasonable effort to advise the Union of any work schedule changes.

All other pay provisions in the Collective Agreement shall apply (e.g. overtime, shift differential, etc.).

- 11.02 Non-Standard daily hours may be established from 7:00 a.m. to 6:00 p.m., provided that all conditions specifically stated in Article 10 are observed, and the Union is given prior consultation.

These positions may work hours other than the standard daily hours, but shall not exceed forty (40) hours per week, Monday to Friday inclusive. Any employees in said positions who work in excess of forty hours per week shall receive compensating time off at a rate of double (2x) time off for each hour worked in excess of forty (40) hours. If an employee is required to work during the weekend (Saturday/Sunday) the employee shall have the right to take compensating time off or be paid the prevailing overtime rate. Methods of compensation for weekend work shall be arranged by the employee with the supervisor in charge prior to working the extra time and shall be approved in writing by a supervisor so authorized.

13.0 Overtime

- 13.01 Overtime shall be calculated on the basis of double (2x) time for hours in excess of the normal daily hours, for hours worked on regular days off and emergency calls. Overtime calculations shall be based on **base hourly rate** and shall not include shift differential or any other premiums. Management will only direct overtime to be worked where the work is required to be performed to meet operational deadlines. Overtime will only be paid where the manager provides prior explicit authorization for the employee to work overtime.

- 13.02 Overtime for full time employees shall be calculated on the basis of the regular working hours.
- 13.03 Instead of cash payment for overtime, an employee may choose to receive time off at the appropriate overtime rate. The employee must designate at the time of work, their choice of cash payment or lieu time. The banking of time off in lieu of overtime shall be limited to a maximum of one hundred and sixty (160) hours at their regular rate of pay. The taking of lieu time off to be mutually agreed between the employee and management. Any overtime accumulated by an employee and not taken as time off prior to December 31st of each year shall be paid out, however any overtime accumulated during the month of December can be carried over into the following year.
- 13.04 In the giving out of overtime, ENMAX agrees that such overtime will be distributed as equally as possible among members of the work group or sub-department concerned.
- 13.05 On-call and part time employees will be eligible for overtime when working in excess of eight (8) hours in a day or forty (40) hours in a week or the daily and weekly hours of work as determined for the work area. These employees are not eligible for flex days, however, should these employees work in excess of one hundred and fifty-two point six (152.6) hours at straight time over two (2) consecutive pay periods they will be eligible for overtime for all hours in excess of one hundred and fifty-two point six (152.6).

14.0 Call In

- 14.01 Where an employee is called in by Management and it does not immediately precede or follow their regular hours of work, they shall receive a minimum of two (2) hours at double (2x) time.
- 14.02 Extensions of the day's work which are interrupted by a supper break in excess of two (2) hours shall be paid as call in regardless of prior notification having been given. Extension of the day's work which is expected to last in excess of two (2) hours shall include a twenty (20) minute lunch break on ENMAX time.

15.0 Stand By Pay

- 15.01 Standby service may be retained as required. Employees held on standby shall be paid for standby service on the following basis:

An employee on standby will receive one and one half (1.5x) times their applicable rate per twenty four (24) hour period.

If the employee is scheduled for standby on a day of rest or statutory holiday, the employee will receive two (2x) times their applicable rate per twenty four (24) hour period. Standby allowance will only be paid to employees officially designated by Management for such duty.

- 15.02 Where an employee is directed to be personally available to the operation as per Article 15.01, and is subsequently required to perform work without physically attending the worksite (e.g. via telephone), the employee will be provided a minimum of one (1) hour's pay or pay for actual time worked, which ever is greater, both at two (2x) times their hourly rate.

Any subsequent work performed within one (1) hour of the commencement of the initial work will be included in the calculation of actual time worked but will not trigger an additional one (1) hour minimum.

16.0 Transfers & Promotions

- 16.01 When a vacancy occurs or a new position is created in any department, such vacancies or new positions shall be filled from the staff of the department or members of the bargaining unit provided that the applicant can qualify and has seniority as defined. Where Management considers some permanent employees in higher or equivalent positions, or the senior employee in the immediately subordinate position in the immediate or related work group, within the department to be suitable, Management may offer the position to such employees in descending order of their seniority without posting the position. Where ENMAX has decided to advertise the vacant or newly created position outside ENMAX's service, ENMAX agrees that applications received will not be considered until all applications from employees within the bargaining unit have been assessed.
- 16.02 It is further agreed that Management shall have the sole right to make the decision as to whether vacant positions shall be posted. Upon a vacant position being posted it is understood between the parties that the position shall be posted on a service-wide basis for a period of not less than five (5) nor more than fifteen (15) working days, unless otherwise mutually agreed in writing. The Union will be consulted in the event the position cannot be filled within a five (5) week period from the date the posting closes. The qualifications for the position will be reviewed if the position is not filled by any of the applicants and Management decides to re-post.
- 16.03 Education, training, experience and ability shall be considered in transfers and promotions. Where these factors are judged to be relatively equal,

seniority shall be the determining factor. Qualifications may not be established in a discriminatory manner.

- 16.04 Seniority is defined as the length of service in the bargaining unit since most recent date of hire except as provided in Article 31.02. An employee's seniority date shall be adjusted to account for any leaves of absence without pay that exceed (thirty) 30 consecutive days, except as specifically provided in Article 26.03.
- 16.05 As part of the normal posting process, a copy of all ENMAX postings shall be forwarded to the Union. Within ten (10) days from the date of appointment to CUPE positions, the Union will be notified, in writing, of the appointee's name.
- 16.06 All permanent employees promoted or transferred under the provisions of Article 16 shall serve a three (3) month trial period in their new position. In the second (2nd) month employees shall have a performance status report prepared. Should an employee receive an unsatisfactory report, the employee's attention will be drawn to the part of the form which indicates the employee's option to grieve.
- 16.07 Permanent employees shall be permitted, or may be required by management, to revert to their previous permanent position during the three (3) month trial period stated in Article 16.06. Employees must have completed a probationary or trial period in their previous position to have these reversion rights. Employees going beyond the stipulated three (3) months due to the employee accepting one (1) or more positions will be eligible for redeployment should they be unsuccessful in the new position.

Permanent employees, promoted or transferred from a permanent position under the provisions of Article 16, to a limited term position shall retain seniority, for up to twelve (12) months, in the permanent position from which they were promoted or transferred and for which they have completed a probationary or trial period. Such employees will be returned to their former position and salary rate without loss of seniority at the expiry of the limited term position or the twelve (12) month period, whichever is less, unless previously reverted at their own or Management's request. Employees going beyond the stipulated twelve (12) months will be eligible for redeployment at the end of the limited term position.

Any permanent employee displaced as a result of movement under this Article will, if applicable, be returned to their former permanent position.

- 16.08 The Union shall be notified when members of Local 38 transfer or are promoted to positions within ENMAX not represented by Local 38. Such

employees shall retain seniority in the position from which they were transferred or promoted consistent with Article 16.07 and in accordance with the time periods expressed therein. Employees shall continue to pay Union dues to Local 38 during this period based on the rate paid to employees immediately prior to such transfer or promotion.

17.0 Temporary Assignments to Higher Rated Positions

17.01 Employees who are assigned to perform the major duties and responsibilities of a higher rated position in the bargaining unit will be paid ten (10) percent higher than their base pay grade for all hours the employee was working in the higher rated position. At no time will relief pay surpass Step Five of the salary range for the position they are relieving in.

17.02 Employees will continue to accrue time towards future increments in their base position while relieving in a higher rated position. Employees who have obtained Step Five of their salary range of their base position will accrue time towards increments during a relief assignment within the salary range for the position they are relieving in.

Employees at Step Five of the salary range of their base position, who become eligible for an incremental increase during a relief assignment, will be moved to the step within the relief position salary range that is next highest to that which they are entitled to under Article 17.01.

17.03 The employee who has become eligible to receive the additional increment as described in Article 17.02, will continue to accrue time towards future increments for the duration of the relief.

Once the relief has ended, if the employee returns to the same or similar position within three (3) months any time accrued towards a step increment will remain in effect.

17.04 When an employee is requested to perform the major duties and responsibilities of a position outside the bargaining unit, they will first discuss the rate of pay with the supervisor / manager.

The rate of pay will be by mutual agreement but at no time less than five (5) percent above the employees' current rate of pay. In the event the employee and supervisor are unable to agree on the rate of pay the employee has the right to decline the assignment.

17.05 Upon being appointed permanently to the higher rated position, an employee will receive a pay rate not less than they would receive under

the immediately foregoing regulations for temporary relief of the higher rated position.

- 17.06 In the assignment to higher rated positions, ENMAX agrees that such assignments will be distributed as equally as possible amongst those members of the department or sub-department concerned who are able to perform the required work.

Employees offered the opportunity to relieve in a higher rated position have the ability to decline such a request.

18.0 Temporary Work within the Bargaining Unit

- 18.01 The parties agree that ENMAX may use outside employment agencies for short-term, temporary support and will pay the Union the applicable percentage to reflect Union dues associated with that position (payment will be provided by either the agency or ENMAX). The rate for dues paying purposes only, will be established using the average of the **2022** rates paid, **\$27.54**, and will be subject to annual negotiated increases.
- 18.02 The maximum time period for use of employment agency employees will be three (3) months unless otherwise mutually agreed to in writing.
- 18.03 ENMAX will ensure that employment agency employees receive no less than the Step One (1) rate of pay for the position to which they have been assigned.

19.0 Job Evaluation – General Principles

- 19.01 ENMAX agrees that at any time should it wish to exempt any position or employee from Local 38's bargaining unit it shall first discuss same with the Officers of Local 38 and failing agreement between the parties it shall be submitted to the Labour Relations Board for settlement.
- 19.02 ENMAX and the Union agree to establish and maintain a joint job evaluation committee.

If the Employer chooses to not offer severance, the Employer must pursue the redeployment process pursuant to Article 23.03.

(b) If no vacancies are found, other vacancies in lower pay grades can be canvassed or else the employee can choose to bump the most junior employee out of their position, as long as the position sought after is of the same pay grade (or lower) as the position-eliminated job and the position-eliminated employee is qualified for that job. If bumping is chosen, bumping shall occur in the following order:

- 23.06 The parties recognize that there may be some unique situations where, not due to lack of work or position elimination, it is in the best interest and desire of the Employer and an employee that severance be offered to that employee. In those situations, and at the discretion of the Employer, the Employer may offer severance to an employee after first having discussed the situation with the Union. The employee may refuse the offer of severance and their employment will continue as if such an offer had not been made. If the employee accepts such an offer, they will receive severance pursuant to the formula contained in Article 29 and their employment will be terminated, and rights to redeployment and/or recall will not be available.
- 23.07 In the event that ENMAX pursues business alternatives that result in a reduction of work, the parties agree to jointly discuss potential impacts on affected employees and agree to consider options to mitigate the impacts. Letters of Understanding

Letter of Understanding #1

**BETWEEN
ENMAX CORPORATION
AND
THE CANADIAN UNION OF PUBLIC EMPLOYEES, LOCAL 38**

LOU #1 - Re: Alternate Hours of Work for Planners, Drafting Employees & Surveyors

The parties recognize that there may be a business need for planners, drafting employees and/or surveyors to have their hours of work aligned with field crews, the majority of which operate under a different collective agreement.

Accordingly, if any planners, drafting employees, surveyors, or the Management of said groups of employees request alternate hours of work so as to better align with the field crews, said request shall not be unreasonably denied by the other party. Any denial must be based upon operational requirements including scheduling requirements that may be necessitated by having a work group all work the same schedule. Alternate hours of work under this arrangement would be eight and one half (8.5) hours per day, Monday through Friday. Employees will be entitled to every other Monday or Friday off. These days will be scheduled and taken as they occur or overtime will be paid.

The Company reserves the right to cancel this alternate hour's agreement for any new employees after the date of ratification of this MOS (2014) by providing thirty (30) calendar days' written notice to the effected employee(s) citing the business case and rationale for doing so.

The employees who are on this schedule on the date of ratification of the 2014 MOS will be grandfathered until such time as they voluntarily vacate their position.

LOU #7 - Re: Hours of Work for the Customer Care (Encompass)

ENMAX and CUPE Local 38 desire to confirm the hours of work for Customer Care employees in order to continue to meet service requirements for our current customers and to accommodate their expected growth in new business and customers. In light of these operational requirements, the Parties agree that the following principles shall govern scheduling within the Customer Care:

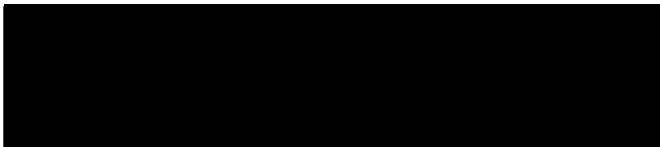

1. The parties agree that the hours of work for Customer Care employees shall be from 7:00 am to 8:00 p.m. Monday through Friday; and 8:00 a.m. to 4:30 p.m. on Saturday (includes an eight (8) hour shift and one-half (½) hour unpaid lunch); Sunday closed.
2. The procedure for scheduling shall be in accordance with the following general principles:
 - a. The preferences of employees;
 - b. Where the preference of two (2) or more employees conflict, then the individual's performance metrics will favour. This is based on a weighting of 75% performance and 25% seniority.
 - c. Performance metrics will be quantitative based on both productivity and quality measures and will be recalculated quarterly for scheduling purposes;
 - d. Performance metrics may be changed annually and will be reviewed with the union and employees prior to implementation;
 - e. An employee may request a review of an individual performance metric related to a call. The Employer shall review the call with the employee within thirty (30) days of the request, provided the request is reasonable for the purpose of providing performance coaching.
 - f. Where the preference/performance scorecard are equal, then seniority shall govern;
 - g. Full time employees shall be entitled to two (2) consecutive days off per week;
 - h. Shift bid results will be posted with thirty (30) days notice by department, unless otherwise notified.
 - i. There may be ad hoc schedule changes, and these may occur by mutual agreement between the supervisor and employee.
 - j. Flex days will be scheduled, however employees have the ability to take three (3) unplanned unscheduled flex days each year.

3. As per Article 10.03, full time employees shall work eight (8) hours a day from Monday through Saturday.
4. All other provisions of Article 10 of the Collective Agreement shall apply to this letter of understanding unless otherwise modified herein.
5. Nothing herein shall limit the Employer's right to consider further changes to operating hours and in such event the provisions of Article 11.00 shall apply.
6. Part time employees will be granted two (2) days off but they may not always be consecutive. The employer will endeavor to grant consecutive days off wherever possible for part time employees.
7. ENMAX may, on occasion, require limited duration project work outside of standard hours. The employer may hire specific limited term roles for such project work (as an example, students hired from 5pm to 9pm for outbound calling for a three (3) month period). Current employees are entitled to bid, however are not required to do so. Project work will not be implemented until agreement is obtained in writing from the union, such agreement shall not be unreasonably withheld.
8. Any exception shall require written agreement from the Union.**

These various academic work experience opportunities are designed to be limited in nature and provide meaningful work experience & learning opportunities for program participants and students who are enrolled in a **post-secondary** educational program.

Work experience opportunities are created as learning opportunities and are intended to augment current operations. Such opportunities may result in the performance of existing bargaining unit work but are not to be used to fill current bargaining unit vacancies.

Participants who occupy positions within CUPE's jurisdiction will be considered a temporary employee. They will be required to pay union dues during the term of their employment. Representation rights will be limited to the first two steps of the Grievance Procedure. The second step decision will be final and binding.

Participants in positions deemed to belong to CUPE will not be considered internal ENMAX employees if they apply on "Open Competitions" and will not be eligible to apply on "Internal Competitions". Upon the completion of their assignment, these participants will sever their ENMAX employee status.

Academic work experience opportunities created through **post-secondary education programs** will be available to students who meet the criteria set out by the **post-secondary** institution they are formally enrolled with and must continue to be eligible as per their educational institution's guidelines and qualifications to remain in the program.

Definitions:

Co-op Students must be enrolled in a formal **co-operative** educational program which is managed by the **post-secondary** institution. The work experience placement will ensure the employer & student adhere to a set of standards which result in contributing to the student's final grade in their selected discipline. The duration of work experience placement will be equivalent to a minimum of one (1) **or two (2)** academic term(s) (4 months **or 8 months**). Exceptions for extending the work term beyond four (4) **or eight (8)** months to include more **than two (2)** consecutive academic terms must be pre-approved in advance of the work term in writing by CUPE and ENMAX.

Internship Students must be enrolled in a formal program which is managed by the **post-secondary** institution. The internship placement will be of duration from eight (8) months to eighteen (18) months depending on the structure and be pre-approved in advance of the work term in writing by CUPE and ENMAX.

Work Experience Program Participants will only be considered if they are enrolled in a bridging program as presented by the Program Coordinator. Work Experience placements will be from 4-12 weeks in duration. Work Experience Program Participants includes professionals experiencing barriers, such as Visible Minorities, Persons with Disabilities, Aboriginal Peoples, and Women, registered with an approved non-profit employment skills program.

Other educational/work experience placement opportunities not covered by this letter that the parties may want to consider in the future will be dealt with separately outside of this agreement.

Implementation of these programs will be as follows:

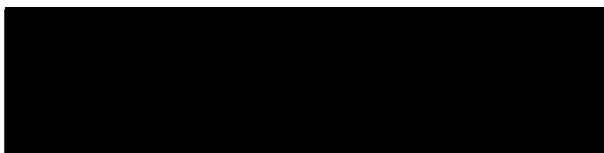

1. Prior to implementing a placement, the Business Unit must consult with the Human Resources Business Partner coordinating placements, to determine if the opportunity fits under the terms of this letter.
2. Human Resources will maintain a record of each placement and will forward a list of these placements to Local 38 on a quarterly basis.
3. In the event a work experience opportunity is deemed to be outside of CUPE's jurisdiction, it will be reviewed with CUPE prior to posting. Failing resolution either party may file a grievance or refer the matter to the Labour Relations Board.
4. Upon request by either party, a meeting between the Union and Human Resources may be held to review CUPE summer student placements or other position descriptions or advertisements for co-ops or internships.

5. The Union will be advised of student orientation meetings and encouraged to address the students during such meetings.
6. Participants will be entitled to the following compensation with the required legislative deductions but no other benefits:

LETTER #1 Your Plan Benefits Oversight Committee

At our August 31, 2004, and October 8, 2004, meetings we discussed the issue of ongoing oversight for the Your Plan Benefits program. We agreed to the following principles and structure for oversight of the benefits program.

- Keep the process as simple and uncomplicated as possible. An Oversight Committee will be created and will be kept small in order to meet this principle. The Committee will normally meet twice a year but can meet more frequently as required. It will consist of the President of CUPE Local 38, the Business Manager of IBEW Local 254, the Vice President of Human Resources and the Director of Human Resources.
- The Your Plan Benefits should cover all employees rather than be specific to each employee or union group as this takes advantage of group discounts and keeps administration costs lower.
- Desired changes to the Plan will be brought forward by any member of the Oversight Committee.
- Consensus agreement of the Oversight Committee is necessary for changes to the Plan. Plan management and administration is ENMAX's responsibility.
- Employee input will be sought if significant changes or amendments to the benefit plan are contemplated.
- Benefit issues will be handled through the Oversight Committee. Referral to collective agreement negotiations will only occur in cases of impasse at the Oversight Committee.
- The Oversight Committee will also be responsible for oversight of the ENMAX post-retirement benefits.
- To the extent that there is any conflict between the principles set out in this letter and the "exclusive bargaining authority of the Union and the collective bargaining process pursuant to the Labour Relations Code", it is understood that the "exclusive bargaining authority of the Union and the collective bargaining process under the Labour Relations Code" shall prevail.
