SCHEDULE "B"

VACATION SCHEDULING POLICY

- (a) The employee is not entitled to take vacation days which have not yet accrued.
- (b) The Employer and Union recognize the need for certainty and fairness for all employees in vacation planning. This Clause sets out the general principles to be considered in determining vacation schedules and approving vacations for employees.

The intention of this Clause is to enable as many employees as possible to receive at least one of their preferential vacation choices. While recognizing operational needs and seniority, this is achieved through preferential choices as outlined below.

While following the principles set out, each employee group may, vary in the actual method utilized in arriving at the vacation schedule.

- (c) The Employer and the Union recognize the following 'principles' in applying vacation choice:
 - operational needs as defined by service standards
 - seniority
 - employees' preference for blocks of time
 - reasonableness
 - three (3) weeks at a time during the following periods:
 - June 15th to September 15th
 - November 15th to January 15th
 - no bumping after vacation awarded
 - vacation requests to be submitted to the employee's Supervisor by a certain date
 - vacation posted by a certain date approximately one month later
 - first come, first served basis on any remaining vacation, subject to seniority in the event of requests made before additional approval of vacation.
- (d) By February 15th, employees would submit their first, second and third preferences for an unbroken vacation period to the employee's immediate Supervisor.

Subject to operation needs, vacation periods will be approved based on seniority within the work group combined with preferential choice. The intent of this clause is to give every employee an opportunity to take at least one of their preferred vacation times in a year.

- (e) By March 15th, the Supervisor shall post a vacation schedule. Any other vacation requests or untimely receipt of the vacation requests will mean vacation are approved on a first come, first served basis for vacation opportunities remaining on the schedule.

- (f) Unless mutually agreed upon by the employees involved and the Supervisor, a junior employee shall not have their vacation taken away or bumped by a senior employee after the first preferential choices have been approved.
- (g) The concept of preferential choice is that each employee submits their first, second and third choices for an unbroken vacation period to the employee's immediate Supervisor. Once all vacation requests have been received, and subject to the needs of Rotary House, vacations will be approved utilizing these preferences and an employee's seniority.

The following example shows how preferential choice works:

Utilizing the above information, and assuming Senior employee is the most senior, Senior employee will have vacation approved from July 1st – July 21st, as that block of time was the employee's first choice. The employee with the most seniority will always receive their first choice, subject to the principles stated earlier. Employee two (2) being the junior to Senior employee would then receive their second choice being their August vacation choice. The employee having the least seniority, employee three (3), would then receive their third choice.

- (h) Employees may still have additional vacation available. For instance, in the above scenario, Senior employee only utilized three weeks although they might be entitled to six (6). In such case, the employee may request this additional vacation after the "first preference" vacation has been approved. Again, this would be on a seniority basis. The additional vacation may not, however, interfere with the vacation blocks already approved.
