

CUPE Education Spring School 2026

April 26 to May 1, 2026

2026 Courses

Occupational Health and Safety

Develop an understanding of Alberta's Health and Safety legislation. Members will build capacity to be an effective health and safety advocate in their workplace.

Advanced Bargaining

Learn every aspect of bargaining from preparation, working as a team, communication with members, strategies at the table and preparing for job action.

Executive Boot Camp

This workshop is for local executive members or members who would like to be on their executive. It will encompass themes of leadership and conflict management while also building hard skills in financial management, parliamentary procedure and inclusive unions.

Basics of Stewarding

This course is for new stewards or members who want to become stewards. It will walk you through the essential principles of being a steward with hands on activities to help practise your skills.

Communications

Getting the message out and getting members engaged – members who take this course will gain skills to make a communications plan for their Local and investigate communications strategies.
