

NOTICE OF CORRECTIONS

General Resolutions/Constitutional Amendments

Due to a clerical error in the General Resolutions document, General Resolutions 14 and 17 are duplicates of General Resolution 13. As a result, we will be introducing General Resolution 13 only.

In addition, General Resolutions 15 and 18 were duplicated, and as such, only General Resolution 15 will be introduced.

To avoid renumbering all subsequent resolutions, the document will remain as circulated.

Please note that the Table of Contents in the Constitutional Amendments book does not show Amendment 26. The Amendment is in the book, just not shown in the Table of Contents.

We apologize for any confusion this may have caused. The duplication was unintentional and not meant to misrepresent the resolutions in any way.

Thank you for your understanding.
